## TERMS AND CONDITIONS

### Introduction

Fondazione FS Italiane is sole owner of all the photographs and videos (henceforth referred to as "material" or "photographic and video material") held in the Audiovisual Archive and as such holds all rights over them, with no exceptions, as referred to in copyright legislation currently in force. Permission granted to use the material in no way constitutes the sale of said photographic or video material, nor does it confer any copyright powers over it

## GENERAL LICENSE TERMS AND CONDITIONS

The license grants the licensee a non-exclusive, non-sublicensable and non-transferable right to use the licensed photographic and video material. Use of the licensed material is in any case limited to those uses and terms set out in the Terms of Use Document.

The licensee undertakes to use the material provided in such a way as to safeguard the image and standing of the FS Group and of the FS Foundation and their representatives. The licensee thereby states that they have read the FS Group's Ethical Code, which can be found at [www.fsitaliane.it](http://www.fsitaliane.it), and undertakes to use the material provided in compliance with the ethical principles set out in the Code.

Should photographic or video material be published on line (when permitted) appropriate technological solutions must be used to ensure that the material cannot be downloaded or indiscriminately copied. In any case the website must carry a specific disclaimer for all material belonging to the FS Foundation which explicitly forbids its use. Moreover the material may never be used on any social networking platforms.

Unless otherwise stipulated in the license act the material may not be modified, altered, incorporated or manipulated in any way. The material may be cropped should the need arise due to technical issues but this should in no way alter or compromise the integrity of the photographic or video material.

All licensed material, wherever used, must be credited, in suitably sized type, to: © Archivio Fondazione FS Italiane.

Should the FS Foundation provide the licensee with suitable captions to the material provided, it declines every responsibility for any possible errors or inaccuracies contained therein.

## GUARANTEES AND LIMITATIONS OF LIABILITY

Should any disputes arise from third parties on copyright issues regarding the material granted, the licensee must notify the FS Foundation immediately so it may protect its rights. Fondazione FS Italiane declines all responsibility for any damages, including unforeseeable damages, that may be asked of the licensee in relation to the material furnished with the exception of acts of malice or gross negligence on our behalf or that of an employee
